bring their record up to date.
Its odd that CRD made the reply

happen between Feb & May 1984.
Do you know why?

PRIORITY HANDLING FOIA REQUEST

2 May 1984

Mr. William Hamilton
Director, Office of Systematic Review
Bureau of Administration
Department of State
Room 1239, New State Building
Washington, D.C. 20520

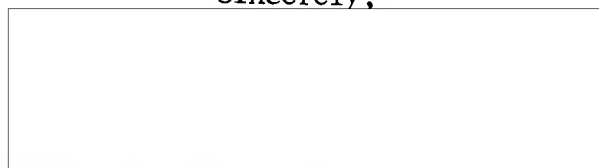

Dear Bill:

Enclosed are copies of twelve documents sent to the CIA by the Chief of the Documents Division, Joint Chiefs of Staff. JCS had been requested by the OSD Records Administrator to review these and other DOD documents for release to State Department historians for background use in the preparation of the Foreign Relations of the United States volumes on Vietnam.

We have no objection to the eleven items marked as Attachments 5, 53, 54, 57, 58, 63, 65, 67, 68, 69, and 81, being given to the State historians for their information as background use only. Should the historians wish to use any portions of these documents in the FRUS series directly, we would require a separate review in each instance. Because of the nature of most of the material in the documents, it is doubtful that we would be able to release many portions of these documents for use in the FRUS publication. The only possible exception would be document #63 (Memo, 11 August 1962, Subj: Information on South Vietnam, CM-883-62).

Attachment 47 is a DIA intelligence briefing on South Vietnam, dated 19 March 1962. We defer to DIA for any decision on the use of this document.

Sincerely,

Chief, Classification Review Division
Office of Information Services
Directorate of Administration

MEMORANDUM FOR: DO/Information Review Officer

FROM:

Acting Chief, East Asia Division

SUBJECT: Review of Packet from OIS/Classification Review Division (CRD)

REFERENCES: A. Pink Cover Sheet from C/OIS/CRD, 13 October 1983
B. Memorandum from Joint Chiefs of Staff (SM-574-83), 11 August 1983

1. East Asia Division has reviewed the packet (12 documents) forwarded under references. We have marked alongside individual document references an indication of whether we agree to release for review ("ok") or not ("no"), or "defer." Release of any documents to the State historians should, of course, be for their background review only. Should the historians wish to use any of these documents in the Foreign Relations of the United States (FRUS) series, we would require a separate request to that effect and the Division would then re-review the documents in question. Because of the nature of most of the material in the referenced packet, it is doubtful that the Division would release any or part of these documents for use in the FRUS publication.

2. The Division spent 4 hours reviewing these documents.

This is a request from OSD/JCS for clearance to release these docs to the State History office for possible use in the FRUS. This request came in to IPD and they gave it to us for action. I have reviewed the material and found only one CIA document, #63 (part of) which is a memo dated 13 July 1962 and an analysis of the Strategic Hamlet Program in Vietnam apparently done by the Station in Saigon. In any case, I see nothing so sensitive that it can't be released to the State historians. Would you look at it for the same purpose and let me know if you have any reservations. Please return it to me with your comments and I will see that it gets back to IPD and on to State as OSD requested. Thanks.
